SANDING PAD

ART. NO: #136.280 - 136.283 (P320 - P1200)

Carworx MATTEX is a patented cloth laminated with a foam support that is suitable for sanding and dulling primers and paints by hand. The spongy, textured fabric ensures flexibility and adaptability, enabling the operator to sand any type of surface including contours and hard to reach areas. Uniquely, when used wet, the abrasive soaks up water particles and does not need constant re-wetting. Ideal for mattenening hard to reach areas prior to painting, feathering, removing over-spray in a blending zone and for spot repairs. Suitable for wet and dry use.

FEATURES

- ✓ *Patented woven abrasive*
- ✓ *Doesn't need re-wetting*
- ✓ *Adaptable to most surfaces*
- ✓ *Flexible foam support*
- ✓ *Dense & uniform scratch pattern*
- ✓ *Can be used wet or dry*

SECTORS OF APPLICATION

- ✓ *Auto Repair*
- ✓ *Metal Sanding*
- ✓ *Building & Decoration*
- ✓ *Marine*
- ✓ *Composite Sanding*
- ✓ *Aerospace*
- ✓ *Vehicle Production*

SUITABLE FOR USE ON

- ✓ *Aluminum*
- ✓ *Primers*
- ✓ *Hardwood*
- ✓ *Soft / Resinous woods*
- ✓ *Non-ferrous metals*
- ✓ *Synthetic materials*
- ✓ *Paint*
- ✓ *Lacquers*
- ✓ *Plaster*
- ✓ *Chipboard*
- ✓ *Plaster of paris*
- ✓ *Copper / Brass / Bronze alloys*
- ✓ *Plastic materials*
- ✓ *Fiberglass*

PRODUCT DATA

Backing: Fabric on sponge

Grain: Aluminum Oxide

Bonding: Special Resin System

Coating: Patented method

Grit: P320 - P1200

Color: Green, Grey, Red, Gold
