SILK CUT

ART. NO: #140.60001, #140.60500, #140.60800, #140.61000,
#140.62000, #140.63000, #140.64000, #140.65000 (P500 - P5000)

Carworx SILK CUT is a patented abrasive with unbeatable performance when it comes to wet and dry sanding. Thanks to its special woven fabric backing that is bonded to its extremely flexible center sponge, SILK CUT adapts easily to contours and makes it possible to work on rounded shapes and sharp edges without the danger of over sanding. This helps in facilitating machine processing, greatly reducing working times. With its fine, accurate finish, SILK CUT sandpaper is the ideal product to prepare surfaces for polishing while effectively increasing body shop productivity.

FEATURES

- ✓ *Unique foam backing*
- ✓ *Ensures uniform pressure*
- ✓ *Adaptable on shaped surfaces*
- ✓ *Flexible*
- ✓ *Efficient*
- ✓ *Can be used wet or dry*

SECTORS OF APPLICATION

- ✓ *Auto Repair*
- ✓ *Fleet & Transportation*
- ✓ *Vehicle Production*
- ✓ *Building & Decoration*
- ✓ *Boating*
- ✓ *Do It Yourself*

SUITABLE FOR USE ON

- ✓ *Aluminum*
- ✓ *Hardwood*
- ✓ *Hard / Soft steel*
- ✓ *Non-ferrous metals*
- ✓ *Paint*
- ✓ *Lacquer*
- ✓ *Plastic materials*
- ✓ *Plaster/Plaster of Paris*
- ✓ *Compound materials*
- ✓ *Stainless steel*
- ✓ *Steel*
- ✓ *Copper / Brass / Bronze alloys*
- ✓ *Fiberglass*

PRODUCT DATA

Backing: Fabric on sponge

Grain: Aluminum Oxide

Bonding: Special Resin

Coating: Patented Method

Grit: P500 - P5000

Color: Ice, Blue, Violet, Orange, Red, Green, Yellow
