

GREEN ICE SANDPAPER

ART. NO: # 140.340, 140.360, 140.380, 140.3100, 140.3120, 140.3150, 140.3180, 140.3220, 140.3240, 140.3320, 140.3400, 140.3600, 140.3800, 140.2040, 140.2060, 140.2080, 140.2100, 140.2120, 140.2150, 140.2180, 140.2220, 140.2240, 140.2320, 140.2400, 140.2600, 140.2800, 139.963, 139.964, 140.180, 139.965, 139.966, 139.967, 139.968, 139.969, 139.970, 139.971, 139.973, 139.974, 140.181, 140.182, 140.41000, 140.41500, 140.42000, 140.42500, 140.43000, 124.000, 124.060, 124.080, 124.100, 124.120, 124.180, 124.240, 124.320, 124.400, 124.500, 124.600, 124.800, 124.1000, 124.1500, 141.885, 141.886, 141.887, 141.888, 141.889, 141.890, 141.891, 141.892, 141.893, 141.894, 141.895, 141.896 & 141.897

Green Ice Sandpaper is a high performance abrasive for machine dry primer sanding of surfaces.

It stands out because of its good initial abrasiveness, its long service life and the very fine sanded appearance. Green Ice Sandpaper has been specially developed for sanding all colour and paint types for use with the most varied working methods (machine or hand sanding).

APPLICATION

Fastening standard performance abrasives for coarse, medium and fine sanding of all paint materials with dust repellent coating for an excellent service life with a very good surface finish.

PRODUCT DATA

Carrier Material: D - Paper

Bonding: Aluminium Oxide in an Artificial Resin

Film: Integrated

Abrasive Grit Type: Aluminium Oxide

Dispersion: Open

Diameter: 150mm

Grit: P 40 - P 800

Hole system: 150mm with 15 Hole System
